

# Limited Warranty on Roofing System.

Limitations on the transferability of this warranty are set forth herein.

### Introduction

Thank you for your recent purchase of roofing shingles and accessories (the "Roofing System") manufactured by Owens Corning Roofing & Asphalt, LLC ("Owens Corning"). We believe we manufacture the highest quality and most attractive Roofing System available anywhere, and that is why we stand behind them with one of the best warranties in the industry. We have attempted to write this warranty in clear, plain-English terms, including the limitations and restrictions, so you will fully understand the warranty we are making to you. However, the terms contained herein are subject to change without notice. If anything in this warranty is not clear to you, please call us at 1-800-ROOFING or visit our Web site at www.roofing.owenscorning.com.

### Who Is Covered

If you live in the United States you are the original consumer purchaser (e.g. the homeowner, not the installer or contractor), or the first transferee from the original consumer purchaser of one of our Roofing System products listed in the chart at the end of this warranty, you are entitled to the benefits of this warranty.

### ELIGIBILITY REQUIREMENTS

An Owens Corning™ shingle with a limited lifetime warranty is required in order to qualify for the limited warranty on the Roofing System. In addition, the following four (4) requirements must be met.

- For your roof to qualify as a Roofing System, you must have purchased and installed Owens Corning™ shingles, any No. 15 or No. 30 asphalt-saturated felt underlayment or an equivalent synthetic underlayment, and three (3) of the five (5) products (Products) listed below: If less than three (3) Owens Corning™ accessories are used, these products will be warranted for the length of time as defined in their individual product warranties. See actual warranties for more detail.
  - Owens Corning™ VentSure™ Ridge Ventilation Products, in conjunction with functional eave and/or soffit intake vents.
  - Owens Corning™ Hip and Ridge shingles.
  - Owens Corning™ Underlayment products. These Products qualify as the mandatory No. 15 or No. 30 asphalt-saturated felt underlayment as listed above if applied over the entire deck.
  - Owens Corning™ Starter Shingles, and
  - Owens Corning™ WeatherLock® Self-Sealing Ice & Water Barrier Products.
- Your Roofing System must be installed according to application requirements published by Owens Corning and in accordance with all generally accepted good roofing practices (using ARMA and NRCA standard application guidelines) and all local building code requirements which are in effect at the time of installation.
- The Roofing System must not be installed over an existing roof—all existing materials must be removed to the deck. All rotten or damaged wood fascia, trim, or decking must be replaced, and decking must conform to American Plywood Association ("APA") recommendations.
- All details and flashings are to be installed as per Owens Corning requirements and in accordance with all generally accepted good roofing practices (using ARMA and NRCA standard application guidelines) and in compliance with the above-listed Eligibility Requirements numbered 1-3.

Exceptions to the above requirements must be approved in writing by Owens Corning prior to installation of products.

### What Is Covered

We warrant that your Roofing System is free from any manufacturing defects that materially affect their performance on your roof during the Tru PROtection® coverage period or that cause leaks for the balance of the applicable warranty period.

### How Long Are You Covered

- Tru PROtection® Coverage Period**—During the *Tru PROtection* coverage period of this warranty, our payment to you will be 100% of material and labor costs, as reasonably determined by Owens Corning, to repair, replace or recover defective Roofing System, subject to certain limitations. Our payment will not cover any , metalwork, flashings or other related work, and we will not cover the cost to remove or dispose of your Roofing System. The *Tru PROtection* coverage period does not apply to Wind and Algae coverage. Please see "What About Wind Resistance" and "What About Algae Resistance" portions of this warranty for applicable coverage.
- Prorated Period**—Once the *Tru PROtection* coverage period for the Owens Corning™ Roofing System purchased has expired, the prorated period will begin. Material will be covered, but labor will not be covered during the prorated period, and we will take into account the number of years of use you have enjoyed your Roofing System from the original installation date through the date of your claim, and reduce the amount of our payment to you accordingly. That is, we will prorate the amount of our payment to you through the date of your claim for any manufacturing defects that cause leaks for the balance of the applicable warranty period. For example: If you make your claim in fifteenth (15<sup>th</sup>) year of the warranty, we will not cover labor but our payment

to you will be 72% of the material cost at the time of purchase. Further detail can be found on the Limited Lifetime Roofing System Proration table below.

- Other Types of Structures**—The coverage for the Roofing System offered by this warranty applies only to single family detached homes. In the instance of a Roofing System purchased or installed upon property owned by, for example, corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums or cooperative housing arrangements, or installed on apartment buildings or any other type of building or premises not used by individual homeowners as their residence, the warranty period for lifetime Roofing System will be forty (40) years from the original installation date of the Roofing System, and the *Tru PROtection* coverage period will be five (5) years. Further detail can be found on the Limited Lifetime Roofing System Proration table below.

| Structure/Owner                                  | Tru PROtection® Period Years 1-10 | Prorated Period Years 11-40                               | Prorated Period Years 41 and Beyond |
|--|-----------------------------------|---|-------------------------------------|
| Single family detached home owned by individuals | 100%                              | 80% reduced by 2% every year thereafter until year 40     | 20%                                 |
| Structure/Owner                                  | Years 1-5                         | Years 6-40  | Years 41 and Beyond                 |
| Any other types of structures or owners          | 100%                              | 87.5% reduced by 2.5% every year thereafter until year 40 | No coverage                         |

- Exceptions**—At all times, Owens Corning's obligation to pay for repair, replacement, or prorated portion of the original purchase price of the defective Roofing System is subject to certain limitations. All material costs must be pre-approved by Owens Corning and Owens Corning retains the right to provide materials in lieu of compensation. Additionally, Owens Corning will not pay for any metalwork, flashings or other related work, and we will not pay for the cost to remove or dispose of your shingles.
- What About Wind Resistance**—Your Owens Corning™ shingles and Hip & Ridge (the Shingle Products) contain asphalt sealant that requires direct warm sunlight for several days (Thermal Sealing) in order to seal properly. If your Shingle Products are installed during a period of cool weather, they may not adequately seal until the season changes or the weather warms, and if your Shingle Products never receive direct sunlight or are not exposed to adequate surface temperatures, they may never achieve Thermal Sealing. Prior to Thermal Sealing, your Shingle Products are more vulnerable to blow-offs and wind damage. This is the fundamental nature of Shingle Products and not a manufacturing defect, and we are not responsible for any blow-offs or wind damage that may occur prior to Thermal Sealing having occurred. After your Shingle Products have achieved Thermal Sealing, however, they will be covered under this warranty if they experience blow-offs or wind damage in winds up to the levels listed in the chart at the end of this warranty. HOWEVER, THE COVERAGE AGAINST SHINGLE PRODUCT BLOW-OFFS OR WIND DAMAGE IS IN EFFECT FOR A PERIOD OF FIFTEEN (15) YEARS FROM THE ORIGINAL DATE OF INSTALLATION. Owens Corning will be liable only for the reasonable cost of replacing blown-off Shingle Products (to include material and labor) and the reasonable cost of manually sealing the unsealed shingles remaining on the roof.
- What About Algae Resistance**—If the Shingle Products that you purchased were not specifically labeled as "Algae Resistant" (AR), then any discoloration caused by algae is not covered by this warranty as explained in the section below, "What Is Not Covered." However, if you did purchase AR Shingle Products, they are covered for the period described in the chart at the end of this warranty (prorated after the first twelve [12] months) following the date of installation ("AR Warranty Period") against brown-black staining caused due to growth of blue-green algae (primarily the cyanobacteria *Gloeocapsa* spp). We do not cover the effects of other growth such as mold, lichen and green algae. If brown-black staining occurs during the AR Warranty Period, you will be entitled to the following remedy:
  - Remedy for Blue-Green Algae Growth**—If your AR Shingle Products are discolored due to blue-green algae growth during the first twelve (12) months of the AR Warranty Period, we will cover the cost, including labor (such cost not to exceed the initial cost of the AR Shingle Products plus the initial cost of installation), as reasonably determined by Owens Corning, to repair, replace or recover the affected AR Shingle Products, subject to certain limitations. We will not cover any , metalwork, flashings or other related work, and we will not cover the cost to tear off or dispose of your AR Shingle Products. For purposes of this AR Shingle Products warranty, the term "repair" as used above refers to cleaning or otherwise removing any blue-green algae growth from affected AR shingle products. Decisions regarding whether your AR Shingle Products should be repaired, replaced or recovered will be made solely by Owens Corning.
  - Proration**—If your AR Shingle Products have been installed longer than twelve (12) months, labor will not be covered and we will prorate the cost of your coverage to take into account the number of months of use that you have enjoyed your Roofing System through the date of your claim. For example: If you make your claim in the last month of the fifth (5<sup>th</sup>) year of the AR warranty (i.e., the 60<sup>th</sup> month) and the AR warranty length is ten (10) years (i.e., 120 months), we will not cover labor but will cover 60/120th of the reasonable material cost of the affected AR Shingle Products (such cost not to exceed 60/120th of the material cost at time of purchase of the AR shingles).

### Transferability of This Warranty

You can transfer this warranty one time, anytime during the life of the warranty. For this warranty to be transferred, the new homeowner must complete and return the attached Warranty Transfer Card, within sixty (60) days after the date of the real estate transfer to obtain the benefits of this warranty. Proof of purchase of the Roofing System and the installation date must be submitted at the same time. If the transfer takes place within the *Tru PROtection* Nonprorated period (see "Limited Lifetime Roofing System Proration Table"), the second owner is entitled to the same coverage as the original owner. If the transfer occurs after the *Tru PROtection* Nonprorated period (see "Limited Warranty Information Table"), the balance of this warranty shall be reduced to a two (2) year period after the date of ownership change. If there is a manufacturing defect that causes leaks during this two (2) year period, our payment to the second owner will be based only on the reasonable cost of replacement of the Roofing System reduced by the amount of use the second owner and the original homeowner have enjoyed from the original installation date through the date of your claim.

### What Is Not Covered

Our warranty does not cover damage to the roof or any components of your Roofing System due to any cause not expressly covered herein. After our Roofing System leaves our manufacturing facility, it is subject to conditions and handling beyond our control that could affect their performance. This warranty does not cover any problems with nondefective Roofing System products caused by conditions or handling beyond our control. Some examples of conditions not covered by this warranty include:

- Acts of God, such as hail, strong storms (hurricanes) or winds over the maximum windspeed listed in the chart at the end of this warranty, or ice damming above the area covered by leak barriers or flashings.
- Damage to or failure of the Roofing System as a result of damage to or the failure of the underlying roofing structure
- Foot traffic on your roof or damage caused by object(s) (e.g., tree branches) falling on your roof.
- Improper or faulty installation of your Roofing System— Installation must be in accordance with application requirements published by Owens Corning and in accordance with all generally accepted good roofing practices (using ARMA and NRCA standard application guidelines) and all local building code requirements.
- Shading, or variations in the color of your Shingle Products, or discoloration caused by algae, fungi, lichen or cyanobacteria (unless covered under the section "What About Algae Resistance" above).
- Inadequate ventilation or roof drainage. Some exceptions may apply. If you have questions, please contact us at 1-800-ROOFING.
- Settlement of the structure of your property or buckling or cracking of the deck over which your Roofing System is installed.
- Damage to the Roofing System components caused by alterations made after completion of application, including structural changes, equipment installation, painting or the application of cleaning solutions, coatings, or other modifications.
- Improper storage, handling or other conditions beyond our control.
- Damages caused by, or the cost to repair or replace, any non-Owens Corning™ product.
- Improperly designed or installed gutter or downspout systems.
- Any costs that you incur which are not authorized in advance by Owens Corning.

### Replacement Variations

As a result of our ongoing efforts to improve and enhance our Shingle Products, we must reserve the right to discontinue or modify our Shingle Products, including their colors. We are not liable to you if you make a warranty claim in the future and any replacement Shingle Products you receive vary in color either because of normal weathering or changes in our product line. You should understand that if we replace any of your Shingle Products under this warranty, we reserve the right to provide you with substitute Shingle Products that are comparable only in quality and price to your original Shingle Products.

### COMPENSATION

Under the terms of this Limited Warranty, the manner of Compensation is at Owens Corning's sole discretion and may be issued in the form of cash settlement and/or material credit to an existing supplier of Owens Corning™ Roofing materials or Owens Corning retains the right to provide materials in lieu of compensation. All costs must be pre-approved by Owens Corning. Note: The prorated material cost will be determined by the cost of the Roofing System at the original time of purchase.

### Claims Process

To make a claim under this warranty, you need to do so within thirty (30) days after you discover the problem. Just call us at 1-800-ROOFING or visit us at: <http://roofing.owenscorning.com/homeowner/warranty/claimform.aspx>. To fully evaluate your claim, we may ask you to provide, at your expense, pictures of your Roofing System products and/or samples for us to test. If you have any questions, do not hesitate to call 1-800-ROOFING or visit our Web site at [www.roofing.owenscorning.com](http://www.roofing.owenscorning.com).

PUBLICATION DATE: March 1, 2012

### Limitations

THIS WARRANTY IS EXCLUSIVE AND REPLACES ALL OTHER WARRANTIES, CONDITIONS, REPRESENTATIONS AND GUARANTEES, WHETHER EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WHETHER BY STATUTE, AT LAW OR IN EQUITY AND IS LIMITED IN LENGTH TO THE EXPRESS WARRANTY PROVIDED ABOVE UNLESS A SHORTER PERIOD IS PERMITTED BY LAW.

THIS WRITTEN WARRANTY IS YOUR EXCLUSIVE WARRANTY FROM OWENS CORNING AND REPRESENTS THE SOLE REMEDY TO ANY OWNER OF THE ROOFING SYSTEM. OWENS CORNING MAKES NO OTHER REPRESENTATIONS, WARRANTIES OR GUARANTEES OF ANY KIND OTHER THAN THOSE STATED EXPLICITLY HEREIN. YOUR REMEDY FOR DEFECTIVE ROOFING SYSTEM PRODUCTS IS FULLY DESCRIBED IN THE PRECEDING SECTION, "HOW LONG ARE YOU COVERED." YOU ARE NOT ENTITLED TO ANYTHING MORE THAN WHAT IS DESCRIBED IN THAT SECTION UNLESS OTHERWISE COVERED BY AN OPTIONAL ENHANCED WARRANTY. WE ARE NOT RESPONSIBLE FOR ANY INCIDENTAL, CONSEQUENTIAL, SPECIAL, PUNITIVE, OR OTHER DAMAGES OF ANY KIND INCLUDING DAMAGE TO YOUR STRUCTURE OR TO YOUR STRUCTURE'S CONTENTS WHETHER FOR BREACH OF THIS WARRANTY, NEGLIGENCE, STRICT LIABILITY OR OTHER CLAIMS DERIVED IN TORT OR FOR ANY OTHER CAUSE.

Some states do not allow limitations on how long an implied warranty lasts and/or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Algae Resistant shingles

NOTE: When properly installed, Owens Corning™ Hip & Ridge shingle warranty terms will match with the corresponding roofing shingle. (See specific Owens Corning™ Hip & Ridge shingle installation instructions for details.)

\* Three (3) qualifying accessories must be installed in addition to the shingles in order for the system to qualify for a Roofing System warranty.

† Berkshire™ Hip & Ridge is required for 15-year Algae Resistance Limited Warranty.

†† Includes TruDefinition® Duration, ® TruDefinition® Duration STORM,™ † TruDefinition Duration® Designer Colors Collection, Duration® Premium Cool and Duration® Premium shingles.

‡ WeatherGuard® HP Hip & Ridge or ProEdge STORM™ Hip & Ridge is required to complete UL 2218 Class IV impact-resistant Roofing System.

\*\* 130 MPH is applicable only with 6-nail application in accordance with installation instructions.

\*\*\* 130 MPH is applicable only with 6-nail application and Owens Corning™ Starter Shingle products application along eaves and rakes in accordance with installation instructions.

^ Proration is calculated annually, based on the original installation date. There are no partial year prorations
